- ☐ The contractor shall be pre-approved by the Chief Building Official
- ☐ The work shall be authorized by the appropriate permit
- ☐ The work shall be associated with an approved system
- ☐ The affidavit shall be on a form provided by the CBO

Check the statements that apply:

- ☐ The Division has pre-approved the plumbing minor remodel installation and pressure test connected to existing systems only to be completed without Division inspection.
- ☐ The installing contractor shall complete and sign this affidavit.
- ☐ The affidavit shall be left in the permit pack at the jobsite.
- ☐ The work and conditions described on the permit / approved plan matches the field installation.
- ☐ All portions of the new plumbing remain exposed for a Division visual inspection.
- ☐ The water supply system was successfully tested under the working pressure for at least 15 minutes or an air test of at least 40 psi without further introduction of air for at least 15 minutes.
- ☐ The DWV was successfully tested with either a water test with water filled to a point at least 10' above the highest point in the completed system and leak free for at least 15 minutes or an air test with 5 psi without further introduction of air for at least 15 minutes.
- ☐ In cases where a pressure test is impractical AND pre approval has been given by the Building Official, a flow test has been successfully conducted and found to be leak free for at least 15 minutes.
- ☐ (OPTIONAL) Photos of the ongoing installation have been provided.

With my signature I verify the minor plumbing installation and pressure test was performed in accordance with the manufacturers' installation specifications, Chapters 25 through 32 of the 2009 IRC or the 2009 IPC and I release the Town of Estes Park from all liability*.
